

# A VISIT TO BALI TO FORGE PARTNERSHIPS

Our Managing Director, Mrs. Elina Saveriades, recently traveled to Bali, Indonesia, to introduce our Casa College programmes to the local market. During her visit, Mrs. Saveriades explored new opportunities in Southeast Asia. She was hosted by Miasta Training Centre (MTC), which organized a meet-and-greet event attended by numerous colleges, prospective students, the Chamber of Commerce, and Hoki Bank. Mr. and Mrs. Saveriades thank Mr. Puh Miasta for his warm and generous hospitality during the visit.

Additionally, she toured the Royal Bali College and MTC, where she witnessed firsthand the amazing hospitality training that local students receive. Discussions were held about a potential partnership aimed at providing Indonesian students with high-quality education and valuable work experience.

This new market is expected to offer students from Indonesia access to a wide range of academic and professional opportunities. With institutions committed to excellence, this partnership aims to help students build their skills and advance their careers on an international level.

## MS. KAKIA AVGOUSTI'S TAKEAWAY FOR THE GREEN JOBS WORKSHOP IN ZAGREB, HOSTED BY CALLIDUS IN PARTNERSHIP WITH CARDET

Ms. Kakia Avgousti, the Program Head of Casa College, participated in a workshop under the project Green Jobs in Zagreb, Croatia, from 8th to 10th April 2025. The workshop revolved around sustainable development with a focus on Green Jobs as an essential component for constructing environmentally conscious communities. The participant organisations explored the concept of Green Jobs and the successful strategies for achieving sustainable development. The workshop gave the opportunity to learn about the economic and environmental impact of these jobs and develop ways to integrate them into local communities. The workshop was an invaluable space to exchange practical information and create effective collaborations in handling sustainable development matters.

Ms. Avgousti expressed that participating in the workshop provided valuable insights, which she will use to improve her teaching methods at Casa College. She said, *"The information I obtained from this workshop will help me teach students about environmentally conscious work while demonstrating its significance across their professional paths. Integrating these practices into educational programmes enables students to find and capture green sector opportunities to become significant contributors to modern work environments."*
