New Month, New Leaders, New Possibilities

A new month brings fresh energy, exciting opportunities, and a new chapter for our school community! It's officially Student Council Election Season, and soon we'll be welcoming our new set of student officers for Academic Year 2026–2027. The excitement is building as candidates prepare to share their ideas and visions for the year ahead.

As election day approaches, take time to get to know the candidates, listen to their plans, and choose wisely. Remember, your vote is your voice! Beyond the elections, get ready for another month of activities, new experiences, and memorable moments. Welcome, everyone, and let's make it a great one!

Casa College Represents at the National VET Team of Experts Annual Conference 2026

Mrs Ellie Petrou, Internship Coordinator of Casa College, attended the National VET Team of Experts Annual Conference 2026, entitled "Mind the Labour Gap: Connecting Education with the Labour Market", held from 4–6 November at Aliathon Resort in Paphos, Cyprus. The conference brought together education and industry professionals to exchange knowledge, discuss the future of Vocational Education and Training (VET), and explore ways to strengthen the connection between education and labour market needs. Key discussions focused on the future of vocational education in Europe, the role of Centres of Vocational Excellence (CoVEs), and the recognition and validation of non-formal and informal learning.

The event provided valuable insights and networking opportunities, reinforcing the importance of industry collaboration in preparing students with the skills and competencies needed for today's evolving workforce.

Mrs Maria Yiannoullou Shares Expertise at International Erasmus Conference in Romania

Ms Maria Yiannoullou participated as a resource speaker at the 16th International Conference "Crossing Boundaries in Culture and Communication: Mapping an (Un) Predictable Perspective of Differences", held on 5–6 November 2026 at the Romanian-American University in Bucharest, Romania. Organised in partnership with the State University of Moldova and Alliance Française Ploiești, the conference brought together international academics and researchers to explore cultural diversity, intercultural communication, identity and dialogue. Mrs Yiannoullou delivered her presentation, "The Mediterranean Sea: A Bridge Rather Than a Boundary", highlighting Cyprus's unique position as a meeting point of cultures and its role in connecting people, languages, and ideas. Her participation provided a valuable opportunity for international knowledge exchange, academic collaboration and engagement through Erasmus+.

Erasmus+ Teaching Mobility: Sharing Knowledge Across Borders

As part of the Erasmus+ Teaching Mobility Programme, Zsuzsanna Dégi and Andrea Magusar-Marton from Sapientia Hungarian University of Transylvania visited to deliver engaging lectures to students. The sessions provided valuable academic insights, encouraged knowledge exchange, and offered international perspectives, further highlighting the importance of cross-cultural learning, international collaboration, and academic mobility through the Erasmus+ programme. Such initiatives create opportunities for students and educators to connect, learn from different perspectives and build lasting international partnerships.

Game Change: Learning Through Creativity and Play

Kasa High School students took part in an engaging Game Change activity, where they learned the fundamentals of game design, explored creative ways to develop their ideas, and put their skills into practice by designing and creating their own games. The session concluded with students playing and sharing their creations, encouraging teamwork, creativity, and problem-solving. Our partner NGO, ACPELIA, organised the activity, and Ms Aikaterini Farmakidou facilitated it. A big thank you to ACPELIA and everyone involved for making this interactive learning experience possible!

Sing Your Heart Out: Karaoke Night

By Christine Archival

One Friday evening in October, the campus came alive with music, laughter, and unforgettable moments during Casa College's Karaoke Night! Students gathered for an evening filled with fun, exciting games, and endless singing and dancing. The event officially kicked off with an enthusiastic welcome from Kasa High School Principal, Mrs Maria Yiannoullou, alongside with our very own Game Master, Student Affairs Officer, Mr Viovelson Cortez, who kept the energy high and the excitement going throughout the night.

The students played exciting interactive games, including Guess the Song and Finish the Lyrics which brought out everyone's competitiveness and music knowledge. Of course, no game would be complete without a little reward! The lucky winners walked away with prizes, adding even more excitement to the night.

As part of the event's goal of friendship and embracing diversity, students were also given the opportunity to choose a representative to perform a song from their home country. The event allowed everyone to share a piece of their culture through music. Each one gave their all and sang their hearts out. Undeniably, this special activity celebrated the diverse cultures within the Casa College community and we can't wait for the next Karaoke night!

One of our students, Aleczandra Lian Cuayzong said
"Joining the Karaoke Night was one of the best experiences I've had so far! It was full of fun, singing with friends and meeting new people!"
